ADDENDUM NO. 5

BID NO. 2019-04 – THE WILLOWS MILLING AND RESURFACING/SIDEWALK IMPROVEMENTS

July 23, 2019

To All Bidders:

This Addendum becomes hereby an integral part of the bid package under consideration by you as a respondent. The Town of Windermere deems all sealed bids to have been proffered in recognition of the entire bid package, including all issued Addenda.

This Addendum is being posted on the Town's Website and other procurement sources and also sent to any Vendor via fax or e-mail, if so requested. Should you have any questions pertaining to this Addendum, please contact Michael Galura, P.E. at (407) 493-9983 or by e-mail at: mchgalu@aol.com.

ADDENDUM MESSAGE

The following clarifications and/or changes become hereby a part of this bid and shall be included in the Contractor's Bid Prices:

The following are responses to questions received by the Town:

1. Could you clarify how deep below the ground the stumps need to be ground up?

Remove roots and other debris to a depth of 12-inches below the ground surface, in conformance to FDOT Standard Specifications Section 110-2.2 DEPTH OF REMOVAL OF ROOTS, STUMPS, AND OTHER DEBRIS.

2. In Addenda 3, Question 4 regarding ARBORIST WORK (COMPLETE), you refer back to the scope as stated in Division 1 – Section 01025 – Measurement and Payment, Part 3, F Bid Item 6, which states 'payment shall include all labor, materials and equipment to assign, instruct and direct tree trimming, review impacts to trees within the Town right-of-way, advise the Town on tree removals, etc.'. What is being asked for here, is for work beyond the scope and location of this contract, which, for the most part, is limited to The Willows subdivision. Is the intent of this item to have additional trees removed at other locations within the limits of the Town of Windermere or just to provide advice to the Town on trees within the Town limits? If the latter is the intent, what is the duration of this work? Does this service simply span the life of the contract? Is the arborist to be 'on-call'?

to answer to the Town whenever there is a problem? This item is ambiguous and appears to potentially be open-ended. How is this work to be quantified in order to put a price on labor, materials and equipment?

The Arborist work is to be limited to work within The Willows development and along Windermere Road between The Willows entrance and Maguire Road only. The service for the Arborist work is for the duration of this contract only.

3. **This is the final addendum to be issued. All RFI's beyond today will not be addressed in accordance to the INFORMATION TO BIDDERS.**
